

Open Conference on

COUNTABILITY AND CARDINALITY

OCTOBER 18, 2013

Conference will be held on IBSU, Room Number: A101,
Oct. 18 2013, Friday, 16.00

Conference will hold the introductory topics about the counting theorem and cardinality numbers in computer science, especially the automata theory and programming approaches. Topics will be covered are the Set Theory review, Number Sets, Cantor's Theorem, Infinity and comparison of infinite sets....

SPEAKER : DR. SADI EVREN SEKER
